Re: An Endorsement for your Software and Support

Dear Rob,

We use your Software for our Housing Rehabilitation Program. The program involves Grants and low-interest Loans. Your QuikCalc Program is the software that we have chosen to track the financial portion of the program. It has all the tools we need, and is easy to use.

Slateboard excels at their commitment to their clients. I can't thank you enough for the excellent Customer Technical Support that your company provides. Your support staff has answered every question, walking through the application step-by-step. Many companies say they provide Customer Support but fall short of their promise. Slateboard sets the standard for Customer Service!

I highly recommend Slateboard Software.

Thanks ...

Kathy Newcomer
